

# Online Order/Purchase

## What does the product availability status mean?

**in stock**

This item is physically in stock and ready for immediate dispatch.

**back order**

We do not have this item currently in our warehouse, but stock is readily available from the supplier.

**pre order**

The item is to be released soon. If you order now you will receive the first priority shipment. Placing a preorder is especially recommended for high demand items to avoid missing out.

**sold out**

This item is currently unavailable and/or discontinued.
